All aboard the Orient Express...cocktail lounge

Looking for a great cocktail to end your week right? Then jump on board the newly opened Orient Express, whose signature cocktails and travel-inspired décor will invoke wanderlust in even the most determined homebodies. [Daily Candy](#) on Friday reported that the Orient Express offers a menu that's been inspired by classic European train routes (we're talking Hungarian skillet dishes, Turkish coffee, Austrian pastries). They're also famous for their Le Voyage cocktail (rhubarb vanilla syrup, Cocchi Americano, soaked peaches, champagne) - which one of our NearSay editors swears is worth the trip to the Orient. *Orient Express is located at 325 W 11th St.*
