Classic Manhattan

Why not start with a classic manhattan this year to celebrate the new year? With three simple ingredients: whisky, sweet vermouth, and bitters, you might as well pick up the best of them, because they'll go fast. On a recent trip to Uva in Williamsburg, we found the best combination: Cocchi vermouth from Torino, good enough to sip on it's own, and Willet rye from Kentucky worked perfectly together.

Chilled, but served up. Traditionally has a cherry garnish, but a large orange zest wiped on the rim is nice in winter:

2oz whiskey
1 oz sweet vermouth
2 dashes bitters

Happy New Year's Eve!
